

JAYCO[®]
SYNTHETICS

WEAVING QUALITY & FAITH SINCE 1977

ABOUT US

Jayco Synthetics always believe in expressing the 3 Ds i.e. Desire, Dedication & Development. It has been an amazing voyage of more than 4 decades of creating fabrics for the Indian as well as International market. With the continuous changing trends and new innovation in market & technology, we have been manufacturing our products with contemporary and unique designs.

Our products are reinvented out of passion for creating something exceptional. With state of an art infrastructure, latest technology and well-equipped design house, we bring you fabrics of finest quality.

ABOUT US

Quality and Faith are the DNA of Our Brand.

Quality has been continual companion of our brand while the Faith propels professional bond into relationship with our internal & external customers.

Our excellent & always on-toes team of **300 +** members have helped us evolve the Indian Textile Industry and also expand our services to various countries across the globe.

With a thorough perspective of an industry and versatile experience of 4 decades, we take a holistic approach of offering conglomerate services under a single platform. Dealing with the broad range of yarns, fabrics, designs, & finishes it becomes possible for us to respond quickly to customer demands & provide prompt solutions.

OUR STORY

Driven by vision, passion and desire to create a mark in the world, we incepted the company from very humble beginnings in the late 70's. By delivering unique and quality products, we grew from strength to strength achieving one milestone at a time.

The discipline, honesty & empathy ingested since the early days of work, reflects even today in the company's culture and that, we believe, is our constant achievement.

Following has been our journey since the year 1977;

OUR STORY

1977

Our story is the manifestation of the dreams, struggles and aspirations of our people. We make fabrics, We challenge what's possible by finding newer possibilities in fabric development. We are Jayco. And this is our story.

1980

First weaving unit was established at GIDC Pandesara, equipped with 16 conventional Looms.

1985

After 6 years of hard work and success, The company had Installed 108 looms in total and split them between 4 main promoters, and continued with 64 conventional looms with Dobby and Jacquard.

1991

Expanded with a New Unit at GIDC Sachin with an additional capacity of 750,000m per annum of grey fabric manufacturing, along with a capacity of 1,500,000m per annum of installed capacity at GIDC Pandesara.

OUR STORY

1992

The company has expanded their infrastructure by deploying a polyester Sizing machine at GIDC Sachin.

1996

Split between 2 main promoters Shri Bharatbhai Sachdev and his cousin, while Bharatbhai continued with "Jayco" brand name. Also, started weaving of new Polyester interlining fabrics, being the innovator by replacing Viscose interlining with Polyester lining fabrics.

1999

A Trend Setting year: Started innovative manufacturing of fancy "Pallu-Border" based sarees fabrics, hence starting a new trend all over, and replicating pure Silk expensive sarees.

2000

The company had further Expanded it's capacity by importing latest state of art 48 Rapier weaving machines from South Korea, and running 72 conventional Looms with Jacquard, along with 300 conventional looms with jacquard on outsourcing basis. Hence having a total Sales of 2,400,000m annually from polyester based fabrics.

OUR STORY

2004

Introducing young blood to the core management: Son of Shri Bharatbhai Sachdev, Shri Rahul Sachdev, joined the business with an IT and management academic background and scaled up manufacturing range of yarn dyed home textile fabrics for renowned exporters of India.

2006

Imported high end, state-of-art Vamatex rapier machines of 360cm with an additional capacity of 600,000m p.a. of wider width fabrics or 1,800,000m of garment width fabrics, being the pioneer in Surat and starting a new trend of wider width fancy Silk look Dyes and Sheer Curtain based Fabrics, supplying to valuable brands of India and Exporters also.

2010

Installed an additional, water jet weaving capacity and having an overall sales capacity of 5 million meter of fancy Silk Look synthetic fabrics.

2011

Reached an all time high till date, of manufacturing 7.2 million meter of extremely fancy Saree based fabrics for renowned brands of Surat.

OUR STORY

2014

Started manufacturing of Exclusive silk look fabrics in ladies garments field. Also installing further water-jet and rapier facilities with an overall sales of 13.5 million meter per annum.

2017

Reached an all-time high sales by catering exclusive silk look fabrics of renowned brands of sarees, ladies garments and men's garments for dyed and print applications, with a sales of 20 million meter per annum.

2019

Introduced advanced technology Toyota Air Jet machines with production capacity of 7.5 million meters per annum.

2020

By mid year, started with the production of pure viscose fabrics & marketing them in PAN India.

OUR IDEOLOGY

VISION:

“To make royalism affordable for a happy and proud society”

MISSION:

“To provide excellent quality products which are of Zero defect i.e. Six Sigma Standard, by using latest technology, rigorous Research & Development & continuous improvement.”

OUR IDEOLOGY

CORE VALUES:

- To bring continuous innovation in all the spheres.
- To serve the best quality in all the forms of products and services.
- To have ethical practices in every activity of the company.
- To have respect for all the people associated with the company, internal and external.
- To promote team work in every activity of the organization.
- To place customer first in all the policies and decisions of the organization.

OUR MANAGEMENT TEAM

The triumph of the JAYCO is the result of its visionary Founder **Mr. Bharat Sachdev**, who laid the foundations of the Company in 1977. He is ably supported by his son and Managing Director of the Company **Mr. Rahul Sachdev**. Under their successful leadership the Company has grown from strength to strength. Supporting them in the journey is their truly capable team, with their wisdom, honesty, experience and management skills have helped in the continuous growth of Jayco.

higher market demand

Types of Fabrics: Polyester, Viscose &
Blends

Fabrics End Uses: Ladieswear,
Menswear, Kidswear, Home Textile, etc.

Width Ranges: 91 cms to 318 cms

GSM Ranges: 30 to 240

Thread Counts: 10 d to 1500 d

RESEARCH & DEVELOPMENT

JAYCO has its own R & D Team which works with few of the renowned international designers to keep a track on global trends which helps them to offer the best in textile & fashion industry.

It has got it's all processes online on SAP Hana ERP system across all its manufacturing plants, as well as distribution network to ensure that it can produce remarkable quality products & deliver them on time to its customers.

QUALITY ASSURANCE

Jayco Synthetics are located in **Surat**, in the western region of India. Quality has always been a backbone & first priority for Jayco. We have got a spacious warehouse with state-of-the-art inspections systems.

Our warehouses consists of modern automation as well as traditional table fabric inspecting methods using illuminating quality control machines.

We have most advance rolling & packing machine which helps us in delivering consistent quality fabric without any damages or wrinkles.

QUALITY ASSURANCE

We adopt **Japanese Toyota Management System** which is considered to be the most authentic & stringent Total Quality Management System & which is followed by mostly all quality conscious textile companies.

We also follow few of other Japanese systems i.e. Kaizen, Six Sigma, Gemba, Genchi Gembutsu, etc.
